## Ohio Lawmakers Push Work on Tax Measures

House, Senate Groups Spurred by DiSalle's Plea for Early Action

COLUMBUS, Ohio (AP)—The big push for millions more in new taxes picks up speed in the democrat-controlled Legislature this week.

Spurred by Gov. Michael V. DiSalle's plea for early action to finance his two billion dollar state operating budget, House and Senate taxation committees will step up activities.

Sen. Stephen R. Olenick (D-Mahoning) said his committee will start hearings Wednesday on a bill carrying sales tax boosts of more than 200 million dollars in two years. The measure also provides for an additional 20 millions by eliminating sales tax stamps.

Chairman A. G. Lancione (D-Belemont) of the House Taxation Committee said measures to boost cigarette, beer and corporation franchise revenues might be recommended for passage by Wednesday.

Leaders of the Democratic majority in both houses promised DiSalle to press for early enactment of tax measures to replenish Ohio's bare financial cupboard. The state can start collecting new taxes upon enactment, without the usual 90 days other laws must wait to become effective.

Returning from weekend adjournment, representatives will vote tonight on a series of proposals to help state-chartered building and loan firms. Enactment would put their operations on a par with associations holding federal charters.

One of the measures would permit state associations to make loans up to 90 per cent of property valuations to facilitate financing of low and middle income family housing. The state association limit now is 80 per cent although firms with federal charters can loan the full 90 per cent.

Other bills would give state associations the same power as federal to make mortgage and improvement loans to non-members; make loans outside a 50-mile radius of their headquarters, and increase loans to veterans and others for low-cost housing through sale of mortgages to the federal national mortgage association.

Olenick introduced the big sales tax bill at the request of DiSalle who has called for tax increases of a third of a billion dollars to finance his designated state needs. But the governor has indicated he actually will insist on only about two-thirds of the total called for, plus elimination of the tax stamps.

Major revenue would come from restoration of the penny tax on retail purchases between 15 and 41 cents to produce 18 million dollars.

## State Patrol Auxiliary Cites Two For Work

Raymond Cunningham of East Liverpool and Donald Jackson of Lisbon were honored for their work as members of the State Highway Patrol Auxiliary at the annual awards dinner Saturday night at the Mile Branch Grange hall near North Georgetown.

Cunningham, who won the honor in 1958, received a plaque and a certificate for the most outstanding work by an auxiliary member while Jackson received a certificate for his contributions.

Both men were cited for giving more time to the Auxiliary than any other member.

Some 50 members and wives attended the dinner.

The main speakers were state-wide patrol and auxiliary officers Lt. H. T. Cowell of Warren, Major H. J. St. John of Ashtabula and Maj. Fred Flannery of Warren.

**Zoning Meeting Set For Wednesday Night**

The open meeting to discuss zoning regulations and problems has been scheduled for Wednesday evening at City Hall, it was announced today by Ray Lowry of the zoning board.

It was originally planned to hold the meeting tonight. It will be held Wednesday, however.

Contractors and others interested in having zoning laws defined are invited to attend the meeting.

These first warm days of spring must be particularly sad for Mr. and Mrs. Elbert Ebinger.

The signs of fresh new life will soon be everywhere, terrible reminders that in their own household, in Bexley, the life of their infant son and only child has been suddenly stilled.

The boy, 6-month-old Elliott Charles Ebinger, strangled on a toy pencil while in his playpen. His death was among the earliest recorded in the Associated Press' weekend count of fatal accidents.

Between 6 p.m. Friday and midnight Sunday, 11 others had died, bringing the total to 12. One of the victims was crushed to death in an industrial accident at Youngstown.

## Stolen Socks Lead To Arrest of Boy

A 15-year-old Kensington boy was being held in the Columbiana County jail today following his arrest Saturday afternoon by Haver Township Constables Roy Painter and Merle Hardy.

The boy was apprehended by Painter and Hardy just 75 minutes after the youth had broken into the Smith Tourist Home in Kensington. He had forced open a cellar window and made off with a wrist watch, two pen and pencil sets, a pair of socks and a small undetermined amount of cash.

Painter said the pair of socks the boy stole was responsible for his arrest. Painter said he had two leading suspects and when the boy was wearing the socks he had stolen, his suspicions were confirmed.

The youth also confessed breaking into the refreshment stand at Tom's Lake in Kensington last summer and stealing beverages and potato chips. The lake is managed by Thomas Manfull of Kensington.

The boy awaits a hearing before Juvenile Judge Louis Tobin in Lisbon.

## Thousands Greet Quakers During Parade

## Basketball Team Gets Big Welcome

The Salem High School Quakers may have lost the state title to Cleveland East Tech in the basketball tournament finals at Columbus Saturday night, but to the loyal citizens of Salem the Quakers still are champs.

The players and Coach John Cabas were given a tremendous heroes' welcome home Sunday afternoon by an estimated crowd of 3,500 persons who lined the downtown sidewalks and then assembled on South Broadway where Mayor Harold D. Smith presented the "key to the city" to the team.

The ceremonies on Broadway were arranged by the Boosters Club and followed a parade through town with the basketball stars sharing seats in convertibles as the parade moved by.

Some of the team members were visibly moved by the public ovation.

The parade which moved into the city from Route 62 continued east on State to Park and back on Pershing to Broadway where the crowd of fans was so great police had to open up a path for the cars to reach the speaking platform.

Police and state patrol cruisers led the way. The long motor caravan also included the Salem High School band, the Ohio and National Championship American Legion Quaker City band and color guard, the Veterans of Foreign Wars color guard, a fire truck, city officials and others.

The motorcade extended probably several miles and the parade and program lasted nearly two hours.

Lou Slaby, co-captain of the Salem team, was one of the speakers.

## 3 Injured In 2-Car Crash Near Alliance

Three persons suffered minor injuries in one of three accidents investigated by the State Highway Patrol over the weekend.

Autos driven by James Evans, 18, and Gary Alloreidie, 21, both of Alliance, collided on Rt. 62, one-tenth of a mile east of Alliance, at 7:40 p.m. Sunday.

Treated at Alliance City Hospital and released were: Evans, bruises of the knees and hands; Alloreidie, bruises of the hip, chest, nose and forehead; and Kathy Alloreidie, 20, his wife, bruises of the right foot and left hip.

Alloreidie was cited for reckless operation, patrolmen said.

An auto driven by John Collins, 25, of Rogers went out of control and rolled over at 6:30 a.m. Sunday on County Road 430, two and one-half miles northeast of East Liverpool, when the auto's master brake cylinder broke.

Cars operated by John Pierson, 37, of Kensington and Norman Anderson, 21, of Lisbon, collided on Rt. 9, three miles south of Salem, at 7:15 p.m. Saturday.

**Town Hall Tonight**

"Destination Desert" is the subject of the color movie to be shown at the concluding Salem Town Hall meeting tonight at 8:15 in the Junior High auditorium. The film will be shown and narrated by Hal Harrison, noted photographer, whose four previous Town Hall visits here have been well-received.

## India Refuses To Intervene In Tibetan Revolt

Nehru Says Fighting Abates; Dalai Lama Under House Arrest

NEW DELHI (AP) — Prime Minister Nehru today said fighting apparently has subsided in the Tibetan capital and the Indian government has no intention of intervening in the revolt against Chinese Communist rule.

"Apparently the situation in Lhasa has somewhat quietened down," the Indian prime minister reported.

Nehru told Parliament he had no reliable information on the fate of the Dalai Lama, Tibet's 23-year-old spiritual and political leader. He said he could only hope he was safe.

The Hong Kong correspondent of the Times of India reported the young god-king was under house arrest in Lhasa, his capital. The report said Peiping had ordered the Chinese military governor of Tibet, Gen. Chang Ching Wu, to "persuade" the Dalai Lama—considered by Tibetans to be the reincarnation of Buddha—to come to the Red Chinese capital in order to withdraw his moral support from the rebels.

Nehru in his remarks to Parliament was in effect answering several Indian newspapers who had criticized his failure to intercede with Peiping on behalf of the Tibetans and the Dalai Lama.

India has long recognized Chinese sovereignty over Tibet, though until the Communists invaded the remote mountain plateau in 1950, the Dalai Lama and his church organization governed Tibet with only occasional interference from the central Chinese government.

Nehru told Parliament the situation in Tibet remains most delicate and "we are not doing anything to make the situation worse."

"We have no intention of interfering in the internal matters of China," he declared, pointing out that India has a treaty of friendly coexistence with Peiping.

The Hong Kong dispatch to the Times of India said Tibetans were

Eisenhower invited the executive committee of the Governors Conference to the White House to explore ways to improve the federal-state unemployment compensation system.

Eisenhower has repeatedly urged the states to improve the amounts and duration of benefits under their programs. They have responded, but not to the degree he has asked. Meanwhile, a number of Democrats in Congress are advocating federal legislation in

## Summit Compromise Revealed

## Ike, Macmillan Set 3-Point Approach

WASHINGTON (AP)—President Eisenhower and British Prime Minister Harold Macmillan have proposed that the Western Allies adopt a three-point approach to a summit conference with Soviet Premier Nikita Khrushchev this summer.

It was learned today that this was the compromise formula agreed on in talks between the

two Western leaders at Camp David, Md., Saturday.

Now under discussion by West German Chancellor Konrad Adenauer and French President Charles de Gaulle, it represents a compromise between Macmillan's urgent desire to meet with Khrushchev unconditionally and Eisenhower's reluctance to meet without promise of achievement.

The three points: 1. The Big Four powers—the United States, Britain, France and the Soviet Union—should open a foreign ministers meeting at Geneva May 11; Khrushchev has already substantially agreed to this. The foreign ministers should reach agreements on the widest possible range of German and related problems, try to narrow Soviet-West differences and prepare proposals for a later summit conference.

2. The heads of government should hold their meeting when justified by the work of the foreign ministers.

3. The foreign ministers therefore would have the responsibility of determining the time, place, and subject matter of the summit conference.

The proposal covering these points was drafted by Macmillan and Eisenhower for inclusion in Western notes now expected to go to Moscow later this week. Khrushchev has been pressing for months.

Some officials say the forging of a summit conference for many Soviet leaders objectives in stirring up the Berlin crisis beginning last November.

Macmillan feels the Western heads of government must negotiate with Khrushchev even if the foreign ministers conference is a failure. Eisenhower feels every effort must be made to get basic progress toward a solution of the Berlin crisis and some start on other German problems at the foreign ministers meeting.

Eisenhower was reported to consider as "fine" the results of the discussions he began with Macmillan here Friday. A British spokesman described the prime minister as "happy and satisfied."

Macmillan arranged a morning meeting at the British Embassy with the top U.S. economic experts.

Britain protested to the State Department in January the award to an American firm of a \$1,750,210 contract for two hydraulic turbines on which the English Electric Co. had bid about \$300,000 lower. There have been other disputed trade incidents.

Eisenhower and Macmillan will meet again later today to conclude their discussions before Macmillan starts his return trip to England Tuesday.

The two men returned here late Sunday from Camp David, Md., in the Catskill Mountains near Gettysburg, Pa. They had spent most of their waking hours there since mid-Friday discussing measures to deal with the Soviet threat to West Berlin and related issues, including a broad range of German and European security problems.

Before separating after their drive back to Washington, they

## 4 Suffer Injuries In Parade Collision

Four persons were injured in one of two accidents investigated by police during the homecoming celebration for the Salem High basketball squad Sunday.

An auto driven by Helen Kaley, 57, of 704 E. 3rd St. struck the rear of a car operated by Chester Ping, 44, of 100 Jennings Ave. and the impact carried both autos into a third vehicle operated by George H. Ehrhart, 30, of 476 W. 5th St. police said.

The accident occurred at the intersection of W. State St. and Sharp Ave. at 4:59 p.m.

All three cars were participating in the homecoming parade police said.

Chester Ping suffered a broken nose and lacerations, and his two daughters, Diana and Debora, suffered minor bruises. A third passenger in the Ping car, Peggy Wilson, 11, of 270 W. 10th St. suffered lacerations of the face and bruises of the knees. All were treated at Central Clinic and released.

Autos driven by Richard E. Gottschling, 30, of 603 Perry St. and Clyde Daniels, 53, of Beaver Falls, Pa., collided at the intersection of E. State St. and Woodland Ave. at 4:58 p.m. Sunday.

## 3 Men, Woman Subdue Guards, Flee In Auto

Jailer Taken Along As Hostage Released Seven Miles Away

YOUNGSTOWN, Ohio (AP)—Three men and a woman overpowered two guards and escaped from the Mahoning County jail early today. They took one jailer as a hostage, but released him unharmed seven miles away.

The quartet took at least two pistols and escaped in a car owned by one of the jailers. Another guard was locked in a cell after being smashed on the head. One of the escapees threatened to put a bullet through his heart.

Chief Jailer O. W. Heldman said the four were Robert Herman, 35, Joseph Orville, 23, and Donald Sweet, 24, all of Youngstown; and Mrs. Lola Gordon of Toledo.

The two deputies overpowered were William Driskell and John Downey. Downey was locked in a cell. Driskell was jumped upon by

Driskell was found halfway between Youngstown and Warren in a ditch at McKinley Heights. His feet were bound and he was handcuffed. He had on only his shirt and trousers in the sub-freezing weather. He said the four told

## Chiefs of Staff Office Remodeling To Cost \$350,000

WASHINGTON (AP) — For the third time in 12 years, the Joint Chiefs of Staff will have their Pentagon offices reconstructed. This time the job may cost about \$350,000.

A new expansion in the organization of the joint chiefs has caused the latest reconstruction. The expansion was provided under last year's Defense Reorganization Act.

No addition to the six million square feet of Pentagon floor space is required. But when a tenant moves out of a Pentagon suite and a new one moves in, they don't just move the furniture. Walls are knocked down, new ones built. A door is sealed up and another one cut. New wiring for telephones and lights are installed.

The General Services Administration estimates the latest Pentagon change will involve about \$250,000 worth of carpentry, electrical work and plumbing.

In addition, the expanded joint staff will have their own new furniture, rugs, drapes and other items. This, GSA calculates, might amount to another \$100,000.

A huge pie-shaped section of second floor of the Pentagon is being revamped to provide 70,000 square feet of floor space for approximately 400 additional personnel.

## Big Push on New Taxes

## DiSalle Bills Face Hard Going In Legislature

By DUANE E. CROFT  
News Staff Writer

COLUMBUS, Ohio — The big push in the Ohio Legislature for the next month will be on new taxes.

But that doesn't mean some other bills high on Gov. Michael V. DiSalle's priority list are going to be sidetracked. And some of them face as rough a time with reluctant lawmakers as the money matters.

His ideas for tightening up executive control of the state's sprawling government, for instance.

Exhibit A in this line is the plan to abolish or drastically revise the State Board of Liquor Control to put all of its power to set policy into the hands of the director of the Department of Liquor Control, who is a cabinet officer responsible only to the governor.

Exhibit B is the bill to abolish some 35 rotary funds and put their cash into the general fund.

Exhibit C is the proposal to give 24 "maverick" agencies new homes in departments of cabinet status. These are independent boards and commissions which presently exist pretty much in and of themselves.

Bills to accomplish all these have been dropped in the hopper.

Hearings started in the Senate Finance Committee last week on the rotary fund measure, House Speaker James A. Lantzi has promised the other two will be coming up for airings soon.

This does not assure their ultimate success, though, by any means.

Traditional legislative jealousy of the executive branch is bound to make some lawmakers wary. That is backed up by considerable public distrust of too much concentration of power in any segment of its government.

But the governor offers some strong arguments of his own and is ready to go to bat for them.

"The more you fix responsibility, the better government you are going to have," he said in a recent press conference. "Unfortunately, the trend in government has been to so diffuse responsibility that it

is difficult to say just who did what.

"The stronger the bond of authority is between the chief executive and the people, the more informed decisions you are going to have at the polls.

"It is not the same as a dictator ship, where the people have no way to express their opinions."

DiSalle also has served notice he will move in the future to tighten the reins on the multi-million-dollar School Foundation Fund and the Public Utilities Commission.

In the meantime, he is watching to see what happens to the ideas already in the works.

Speaker Lantzi will settle himself more firmly in the leadership saddle during the coming week and spur his lieutenants to faster action on the business before the House.

"Have Program, Will Push It" might well be his motto.

Starting Monday, the quiet-spoken Lancaster lawyer will hold regular meetings with the chairmen of the 21 standing committees to direct and check on progress of the major Democratic commitments and administration requests.

These meetings apparently will replace those of the majority party's policy committee, whose open discussions have been called off the last two Monday afternoons. As sunny, springlike days begin to slip into the weather picture now and then, the inevitable murmurs about when the session will end become more and more audible among the legislators.

The answer can be determined roughly by the accomplishment of three things:

PASSAGE of tax bills.

PASSAGE of appropriations.

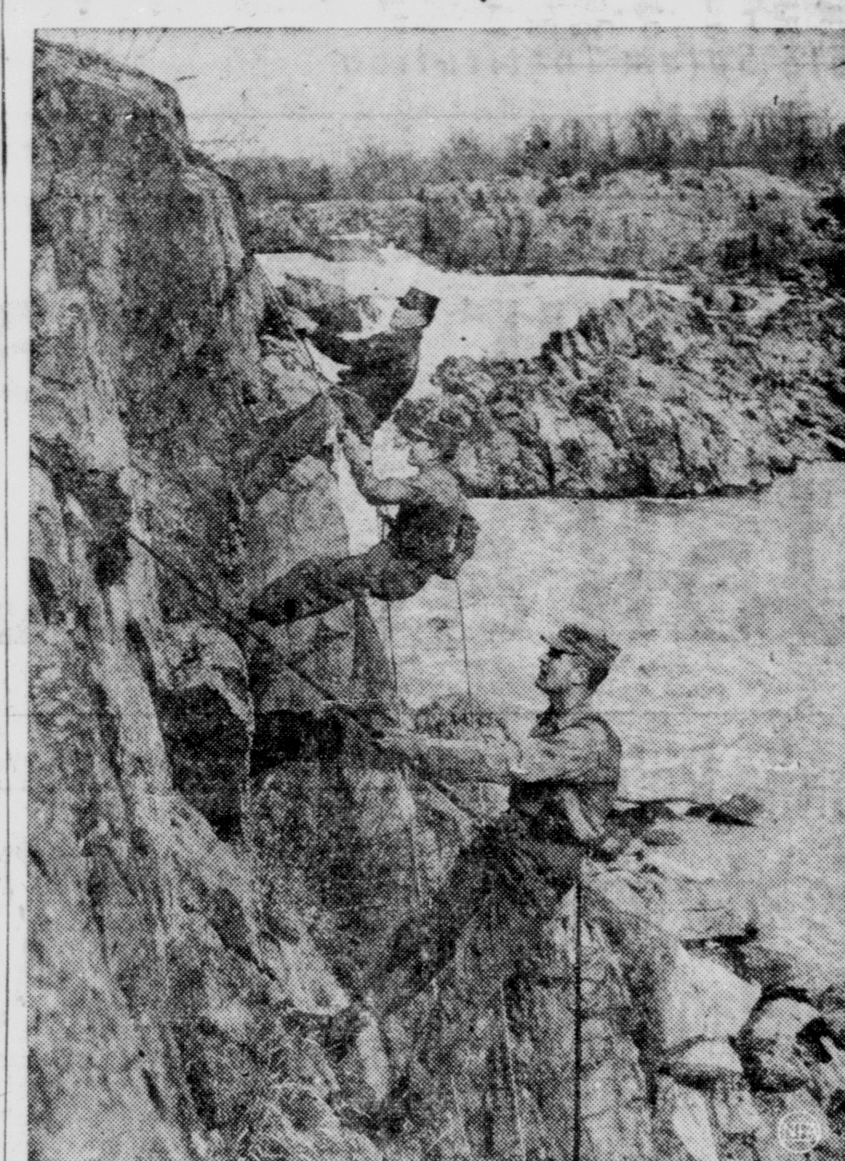

PASSAGE of the rest of the Democratic platform.

"After that, we can shut up shop and go home just about any time we like," Lantzi says.

Could the speaker say about when that will be?

"No, but I certainly want to get in some golf this year!"

## On the Rocks, Unceremoniously---

The "Old Guard," soldiers from Ft. Meyer, Va., provide military glitter for the Washington scene in their smart dress blues and polished brass. But they take rough training like other soldiers as well. At left, members rappel their way down a cliff at Great Falls Park on the Potomac north of Washington. Top to bottom are Sgt. L/C Arthur Bailey, Lt. Donald Hilbert and Capt. Paul Lawrence. At right, Captain Lawrence, who acted as instructor because of

previous Ranger training, demonstrates one method of crossing a rope bridge. The river churns far below him. "Everyone thinks the Old Guard does nothing but march at funerals and parade at the airport when the President goes away," one guardsman said. "Actually, this is the second year we've gone into the field." Later the men prepared for another funeral.

## State Water Policy Proposal Hearing Nears

By DUANE E. CROFT  
News Staff Correspondent

COLUMBUS, Ohio — The bill to put the authority for a state water policy in the hands of a single agency is scheduled for its first committee hearing during the coming week.

Sen. Danny D. Johnson (D-New Philadelphia), sponsor of the measure, said the Senate Conservation

Committee plans to hear supporters of the proposal Wednesday.

Johnson said he has asked representatives of the Division of Water and members of the Ohio Water Survey Committee to appear at the hearing.

The bill was drafted with the advice of the division and based in part upon the recommendations made by the committee in its report to former Gov. C. William O'Neill last December.

Johnson proposes to replace what he terms "the present piecemeal method of water management" in Ohio with an all-inclusive policy set and carried out by a nine-member Ohio Water Commission.

Members of the commission would represent commerce, industry, agriculture, public water supply, recreation, health, public works and natural resources and both houses of the Legislature.

The body would have the power to study, recommend, approve, order or reject projects for flood control, conservation, utilization and recreation.

Gov. Michael V. DiSalle has requested a similar agency be set up in his new Department of Industrial and Economic Development, but Johnson believes the commission's scope would be broader in the Department of Natural Resources.

The senator has conferred twice with the governor on the difference in their viewpoints. He said DiSalle agreed at the last meeting to study his ideas and that he is waiting to hear from the chief executive.

heavy pressure to produce and ship all the steel they can make by June 30. . . users underestimated their needs and have made little headway in building strike hedge inventories."

The United Steelworkers' contracts with the steel industry expire June 30.

An increasing export business in scrap steel helped stop a downward trend in scrap prices.

## Output of Steel Is Leveling Off

CLEVELAND (AP)—Steel production, which has been climbing steadily at an average of 2 1/2 per cent of capacity weekly for two months, has leveled off, "Steel" magazine reported today.

A half-point decline to 92 1/2 per cent of capacity last week reflected mills' resistance to raising operating rates above that level, the weekly metalworking journal commented. The output of 2,619,000 net tons of steel for ingots and castings was 11,000 tons under the previous week.

In the tri-state area, the Pittsburgh district was up two points to 94 per cent of capacity; Wheeling up four points to 95; Cleveland up two to 96 1/2; Youngstown unchanged at 92; and Cincinnati down five to 87 1/2.

The leveling off in operating rates is not the result of any lessening in demand, "Steel" said, explaining:

## Nasser Levels Blasts at Foes

**Calls Khrushchev Kassem's Backer**

CAIRO (AP)—President Gamal Abdel Nasser has accused his rival, Iraqi Premier Abdel Karim Kassem, of committing the Arab sin of refusing to aid in "a fight to the finish" against Israel.

In another fighting speech broadcast from Damascus, the president of the United Arab Republic castigated Kassem and Soviet Premier Nikita Khrushchev, whom he called Kassem's backer.

For the first time Nasser asserted the Soviets' ultimatum had nothing to do with halting the British-French-Israeli attack on Egypt in 1956.

He said fighting had stopped before the Soviet ultimatum arrived Nov. 6, 1956. He also said the Soviets gave Egypt no aid during the Suez fighting, and that they had not supported last July's Iraqi revolution against the former pro-Western regime.

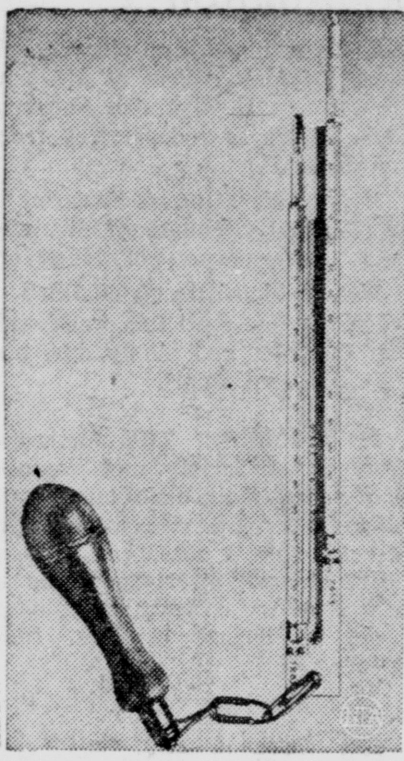

The Soviet Union threatened Britain and France with its atomic power on Nov. 5. Britain and France ordered a cease-fire in the Suez war Nov. 7. In the West, American opposition to the war and not the Soviet threat was generally believed responsible for the decision to end hostilities. But the Arab world, led by Nasser, gave most or all of the credit to the Soviets.

Nasser said the Israelis launched a series of attacks on the Syrian frontier late last year and that he anticipated an all-out attack.

To meet such an attack, he continued, he planned a fight to the finish and asked Kassem to send troops to help, but Kassem refused, Nasser asserted.

"With the deterioration in U.A.R.-Iraqi relations, we knew we would be alone if we entered a conflict with Israel," he added.

The word war between Nasser and Iraq's Kassem erupted when the Iraqi premier accused the U.A.R. president of backing a recent abortive revolt in northern Iraq. Nasser in reply accused Kassem of lining up with Communist agents trying to undermine Arab unity.

**WEATHER LASSO** — Not an ancient torture instrument, but a "Sling psychrometer." The U.S. Weather Bureau is going to experiment with a "Discomfort Index" in forecasts. The findings of the psychrometer's twin thermometers is needed in arriving at the index. It is swung in an arc to evaporate wet bulb's moisture.

## U.S. Drops Search For Rocket Cone

CAPE CANAVERAL, Fla. (AP)—A highly advanced ICBM nose cone fired 5,000 miles through space was lost for good in the Atlantic today.

The Air Force abandoned the little cone to the depths after a two-day search wound up Sunday with no results.

A huge Thor-Able rocket blasted the cone close to the intercontinental range in about 30 minutes early Saturday, but a fleet of C-54 planes and ships failed to find it.

It was learned that a malfunction in the recovery package, probably the tiny radio transmitter, stymied the recovery efforts.

It was the sixth attempt to retrieve one of the elusive cones without success. However, good instrumentation reports were received on the cone's blazing reentry through the earth's atmosphere at speeds close to 15,000 m.p.h.

The Thor-Able, a first stage Thor intermediate range ballistic missile coupled with a Vanguard, performed its job perfectly, to hurl the knob-shaped cone to an impact area near Ascension Island.

## In and About Our Schools

**Junior High Band Heard**  
The Junior High School Band, under the direction of Richard Howenstine, presented a program at Friday's assembly of the student body.

Georgia Schneider, vice president of Student Council, was announcer.

Colors were presented by the new eighth grade guard color comprised of Francis Papaspiros, Eleanor Rogers, Susan Schaeffer, Carolyn Keller, Helaine Hamilton and Mary Ann Martin.

Newly-elected 10th grade class officers are: President, Bob Eskay; vice president, Allen Ewing and secretary-treasurer, Brenda Smith.

Karen Moff of 9E attained a place on the A-Honor Roll the fourth six weeks period instead of on the B-Honor Roll as was previously announced.

where the search had been concentrated.

At dawn Sunday, a half dozen officers gathered at the scene of the airman's discovery. A patrolman spotted a knee sticking out from under a pile of faded pine needles. He brushed them away carefully.

"No use going any further—here she is," said Inspector Robert Piper, who personally had run down scores of fruitless leads since the search began.

An autopsy showed little Candy had been raped. Her legs had been tied by a piece of her petticoat. Another piece was strung around her neck. There was blood on her face and neck.

Candy's mother, Mrs. Elaine Rogers, a high school teacher, collapsed and was put under deep sedation. The child's father, salesman Carl Rogers of Milton-Freewater, Ore., rushed here to comfort her.

### Collection of Personal Property Taxes Begins

lem High basketball team, best summed up the expression of his teammates when he said during the open air ceremonies, "This is the greatest thrill of my life... we are sorry that we couldn't win the other trophy because you (the people of the community) deserve it."

Powell Schmauch, president of the Boosters Club, who acted as master of ceremonies, trying to find words to express the city's sentiments, declared: "You people here have already said it by this wonderful reception for our team."

Coach John Cabas said, "I am shaken. This is one of the greatest moments in my life but it couldn't have been possible except for them (the team). They are the greatest."

The Salem High team, with a 27-2 record, won the sectional and regional titles and beat Middletown in Columbus before succumbing to the giants from Cleveland East Tech, the only team to have beaten them earlier.

Eleventh grade: Bonnie Bell, Wayne Denny, Lois Hahnen, Karen Israel, Edward Scott, Elizabeth West, Lynn King, Alma Wolford, Lorrie Kerr, and Lucia Runzo.

Tenth grade: Gary Baker, Harriet Johns, Patty Capel, Paul Hofer, Lisa Petrachoff, Jerry Planchock, Dale Stoffer, Marjorie Denny, Midge Kerr, Norma Phillips, Eva Starbuck, Bill Wafner, Donald Wells and Donna Wiles.

Ninth grade: Lynn Baker, Nelson Coleman, Elaine Hahn, Judy Howenstein, Neal Sangree, Lynn Stanley, Ronald Townsend and Ester Stoffer.

Seventh grade: Cheryl Barnett, Barb Bowlin, John Dickson, Mary Lou Herbert, Linda Martig, Cheryl Maurer, Diane Moffett, and Roger Wallace.

The SHS team of 1927 reached the state tourney but lost in the semi-finals.

The invocation prayer of the Rev. William Snowball, pastor of the First Methodist Church, was one of "gratitude for a wonderful community and clean youth dedicated to Christian ideals." Two of the players are sons of ministers and most are active in church youth groups.

All team members were introduced, as were student managers and cheerleaders.

Brief remarks were made by the Supt. of Schools E. S. Kerr, Principal Beman Ludwig, Athletic Director Fred Cope, Athletic Board member Robert Heddlston and Freshman Coach Sam Pridon.

Irving Panchaud, the team's official scorer, held the team's runner-up trophy which will be placed alongside the two other 1928-29 season trophies in the school showcase.

After the cheerleaders led the crowd in several favorite yells and the high school band played the "Alma Mater," the Rev. J. Richard Gaffney of St. Paul Church gave the benediction and the greatest basketball season in Salem High School's history came to a close.

### Cunningham Hearing Is Postponed Again

LISBON — A hearing on the motion for a new trial for Ira Cunningham, 52, former East Liverpool policeman, convicted March 11 for attempting to bribe a prospective juror, was postponed today to Friday, April 3, at 1 p.m.

The hearing was originally scheduled for last Thursday, but was postponed at the request of Defense Attorney Hugo Alexander of Steubenville, who was working on an appropriation case in Jefferson County. He is still occupied with that case, necessitating the additional delay.

Common Pleas Judge Joel H. Sharp will hear and rule on the motion. The penalty for the offense is one to five years in prison or a fine of up to \$500.

#### DRIVER FINED, JAILED

LISBON — A Wellsville RD 2 motorist was fined a total of \$175 and costs and sentenced to three days in jail by Mayor John Todd Sunday on two traffic charges.

Roy Holland, 47, was fined \$140 and costs for driving while intoxicated and was given the jail sentence. He was also fined \$25 and costs for driving without a driver's license. He was cited by the State Highway Patrol.

lars; another 44 millions by lifting exemptions on bottled liquor, beer, wine and cigarettes, and four millions more from a sales tax on hotel and motel lodgings.

The measure also provides for removal of "direct use" tax exemptions on machinery and equipment used in production, to yield another 100 million dollars. Although the governor did not specifically recommend lifting those exemptions, he has repeatedly indicated he felt it should be done.

Other provisions call for imposition of the sales tax on various items to bring in some 30 millions more. Those items include laundry, dry cleaning, diaper services, admissions, auto storage and parking, ice and motor fuels now exempt from the gasoline tax. DiSalle said, however, that he did not plan to push for taxes on those items.

## High School Students Learn To Build Houses---At A Profit

CLINTON, Okla. (AP) — Carpentry students in Clinton High School not only learn to do a job well—they do it profitably.

Under the guidance of vocational instructor Jack Hefner, 30 students will finish their sixth home this spring in as many years—and they expect to sell it, as they have the other five, for a profit.

The newest home, in a fashionable Clinton residential area, will have 1,150 square feet of living space, plus carport and enclosed storage space.

Hefner says profits from construction of the first five houses averaged about \$1,000 each. The last home, completed in May, 1958, sold for \$15,000.

"Our price for the finished product," Hefner points out, "is very much in line with the cost of the same house constructed by union craftsmen."

Profits from the home-building projects have been used to buy a pickup truck for the vocational carpentry class, power equipment and tools and for various class activities, such as picnics for boys who have worked on the projects.

The class members, ranging from 15 to 19 years of age, do all the wood-construction work, including finishing inside the houses. Concrete work, brick-work, plumbing and electrical wiring are done by local contractors.

Union carpenters in Clinton have endorsed the home-building program and permit advanced students from Hefner's classes to enter the trade as second-year apprentices.

Homes aren't the only construction projects taken on by Hefner's students. In the nine years he has been at the school, his classes have built a brick-and-glass industrial arts shop building at Clinton High School, the high school auto mechanics building, a lunchroom at a grade school, put catwalks, seats and a press box in the stadium, in-

stalled science tables and equipment at the high school and helped in construction of a kitchen and lockers at another grade school.

The carpentry students work about six hours a day, Monday through Friday, on their projects, including some classroom time. Hefner explains that he works textbook theory into the actual construction work.

### 'How-To' Folders Give Free Advice On Wall Paneling

We're all pretty good at thinking up redecorating projects but, as the Western Pine Association points out, it sometimes takes a push to get us rolling.

The association is offering just such an incentive with a number of folders showing how to convert attics and basements into attractive useful rooms with paneling as their keynote.

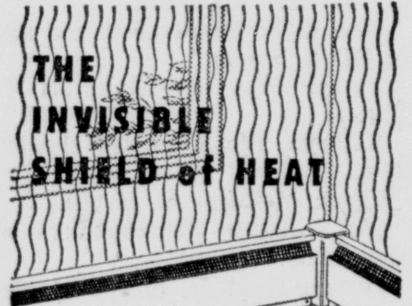

The attic pamphlet explains, among other things, how to pre-stain your lumber for an even finish that won't show drips or raw wood in hard-to-reach corners. It also tells how to fit your paneling professionally and how to apply the final lacquer or wax.

The basement folder gives similar information and also special hints, such as how to install paneling on concrete or masonry walls. Builders are also told how to put up partitions and how to fasten them to ceilings. A checklist of important tools is included.

All suggestions given in the folders apply to working with any of the woods from the western pine region. Further advice can come from your local lumber yard on the species, grade, and pattern of your paneling.

To receive these free folders, write to Western Pine Association, Yeon Building, Portland 4, Oregon, and ask for "Operation Attic" or "Operation Basement."

## Handy Man 'Digs' Usefulness Of Special Digging Implements

The standard spade and the spading fork are fine for turning the earth with a minimum of effort. But when it comes to moving sizable amounts of soil, those tools are hardly adequate.

You will need tools that can carry large amounts of dirt, tools with a long reach, tools that will cut through hard surfaces.

To supplement the usual spade, get a round-point shovel with a long handle. This doubles as a spade, will scoop out a large amount of soil.

If you care to go to the extra expense and want to save yourself some work, get yourself a square shovel—also with a long handle. This is not used for digging, but it will carry about twice as much loose dirt as the round-point shovel.

If you're faced with breaking up an expanse of hard earth, or loosening large rocks, get a pick. Learn to swing it easily and steadily and don't attempt to take too deep a bite.

A mattock is similar to a pick, but it has a wider blade. It's very useful for clearing out roots. If you wish to economize, get a mattock. It will double as a pick in most situations.

THERE ARE OTHER, special tools for special situations. If you are clearing land with large boulders on it, use a crowbar.

For digging postholes, get a posthole digger—a tool designed to lift dirt from a confined area. One type has an outside auger bit at its business end; another consists of two shovels so pivoted that they can be closed when filled with dirt.

The real amateur attacks a digging job with real vigor, and tires out quickly.

Pace yourself. Don't dig too deeply with each bite of the spade or swing of the pick.

Be prepared to use more than one tool on a digging job, and use each correctly. If your shovel hits a stone, switch to a pick or mattock.

Keep edges of all blades sharp. Use a double-cut flat file for sharpening, follow the original bevel. You'll probably only have to sharpen on one side of the edged surface.

Nothing will tear your hand more quickly than a splinter in a pick handle as the handle slides through your hands. Check and sand handles frequently.

Wash and scrape loose dirt off tools before storing them. Wipe dry before putting them away. If you are storing them for a long time, wipe on a light coating of oil.

**FACES PRISON TERM**  
CLEVELAND (AP)—Robert W. Fredin, 51, former president of the Interlake Gulf Lumber Co., today faced a prison term of 3 to 25 years. He was convicted by a Common Pleas Court jury Friday night of issuing a false bill of lading and forging and uttering a \$517 company check. The prosecution also accused Fredin of bilking investors in company of more than \$350,000 by selling them false bills of lading.

## Here's The Answer

**QUESTION:** Many years ago a friend of mine built a playroom out of a plywood called gaboon. I want to build a similar room, but no lumber yard I have gone to knows anything about any such wood. Can you help me?

**ANSWER:** The wood you are referring to was known as gaboon, a hardwood from Equatorial Africa. Some years back it began to be known as samara wood and you probably can get it now by that name.

**QUESTION:** I am planning on finishing a room with gypsum board. I have never used this material before. How is it cut?

**ANSWER:** Score it with a knife—doing the scoring on the good side of the board; that is, the side that will show in the finished operation. Use a straightedge as a guide. Apply enough pressure so that the knife goes through the surface paper. Rest the board on a table or two sawhorses so that the scored line hangs just over the edge. Snap the overhanging part downward, which will cause the board to split along the scored line. However, the paper on the underside of the board will still be attached to the plaster core. It is an easy matter to cut through this paper with the knife. One or both edges of the gypsum board can be smoothed, if desired, with ordinary sandpaper.

**QUESTION:** I have just finished varnishing a wooden cabinet, which I bought unfinished. A neighbor tells me that, instead of using regular furniture polish, it is better to use olive oil. Is this true?

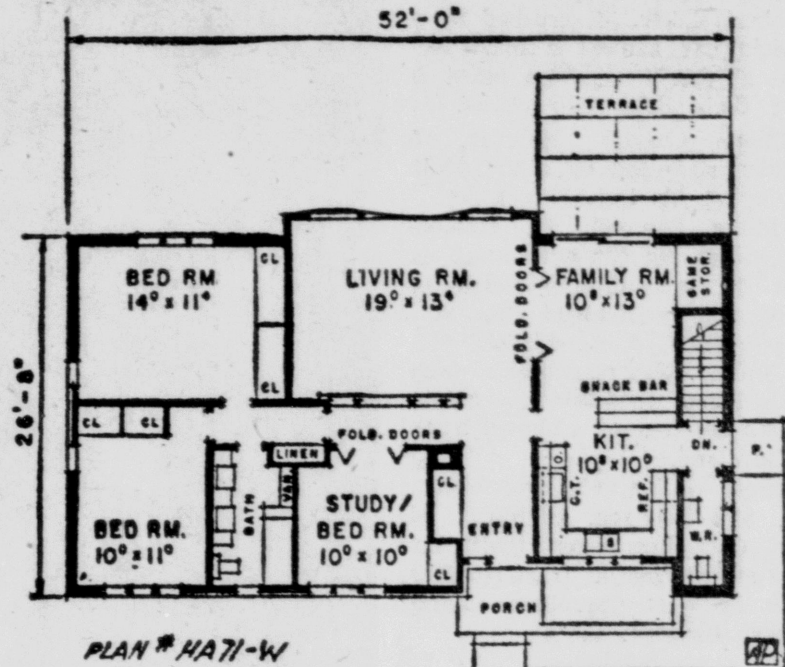

**ANSWER:** Oldtimers in the wood finishing field often used a mixture made from equal parts of olive oil and denatured alcohol. But the application of this formula had to be followed with other finishing steps to remove the oily film that usually was left on the wood. All in all, it was a procedure that called for a certain amount of skill acquired over many years of work as a wood finisher. My advice is to use either a good quality wax or a ready-made furniture polish.

**QUESTION:** Can you tell me the difference between hard maple and soft maple? They both seem hard to me.

**ANSWER:** Both are classified as hardwoods, but hard maple is a tougher, stronger wood and superior in most respects. However, soft maple can be nailed easier. In using nails in hard maple, it is very important that pilot holes be drilled first, otherwise the wood will split easily.

**QUESTION:** I intend to varnish some unfinished furniture we bought recently. How many coats of varnish are required? Sometimes I read that two coats are sufficient, other times that three or four coats are necessary. Which is correct?

**ANSWER:** There is no rigid formula for determining how many coats of varnish should be applied. In most cases, two coats are sufficient. But where exceptionally fine work is desired, three four or even five coats are recommended. Even more important is the quality of the work. The first coat should be thinned with turpentine, about one part of turpentine to five parts of varnish. Remember that varnish is flowed on, not brushed out as with paint. And sand lightly between coats. Be sure to read the directions carefully to determine how much time to allow between coats, as

some varnishes dry in a few hours, others take at least 24 hours.

**QUESTION:** We bought our house when it was new two years ago. On one wall of the living room, there are a few hairline cracks in the plaster. I had planned on wetting the cracks, then rubbing some mixed spackling putty into the cracks. But a friend of mine tells that it is better to rub the dry spackling material into the cracks without mixing it with water. Is he right?

**ANSWER:** Either method may be used. The rubbing of the dry powder into the cracks is easier, but doesn't always work. You might try it first; then if it doesn't turn out all right, go ahead with the more usual method of wetting the cracks and filling them with putty, made by mixing the powder with water. This mixture, which should be somewhat watery, is brushed into the cracks.

## A Hollywood Closeup:

## The Moppets Return: TV's Kid Actors

By ERKINE JOHNSON

NEA Staff Correspondent  
HOLLYWOOD — Television has its Little League players, too.

They are the moppets who have become TV favorites with talents ranging from acting to singing to just looking cute.

It's another golden age for kids in a Hollywood that has produced a big name juvenile movie star in years. TV going to film opened the doors for them.

Live television couldn't take a chance on the little ones remembering their lines. But on film there's always another chance. And if you don't think those weekly TV appearances all over the dial aren't turning the Little Leaguers of the cameras into stars, you should count their fan mail some time when you have a couple of months free.

The mail piles up every week higher than the kids when they are standing on their bank books. Salaries from \$500 to \$1,000 a week are common in the kiddie acting branch of TV films.

BUT THEY SEE LITTLE of it under the "Jackie Coogan" law put into the California codebook when the early film star's funds disappeared through bad management. Now a juvenile must have a trust fund, supervised by a court, and he's lucky to have enough pennies on Saturday night to buy a week's supply of bubble gum.

The money will be there, however, for the kids when they turn 21.

What about these TV kid stars of today — the Johnny Crawfords, the Lennon Sisters, Jerry Mathers and Tony Dow? The broods of Donna Reed and Robert Young, saucer-eyed Jon Provost of "Lassie" fame and all the others. Having been around when six

LEE AAKER: He's growing up in role of Cpl. Rusty.

JANET LENNON: Did your sisters teach you poker?

JERRY MATHERS: He got a headache in his arm.

figure salaries and world fame turned some of Hollywood's pre-TV kid stars into little monsters. I can say today's kiddie acting tribe is so darn normal it hurts.

It hurts people, that is, who look for temperamental mothers; feuds like the celebrated Shirley Temple-Jane Withers affair; the bodyguards, the limousine service to sound stage doors and the stops in production due to wails of "I fell down and kinned my kee. Take me home quick."

The kids are in a business, a tough one, and they show no temperament.

Even the kids can get old in TV. Lee Aaker is growing up in his role of Cpl. Rusty in "The Adventures of Rin Tin Tin." He was 10 when the show started and now

he's 15. Most of the cute kiddie sayings of Hollywood's pre-TV juvenile stars were written by press agents, but today's bid for naturalness puts these sayings out of bounds even for press agents.

Jerry "Beaver" Mathers says some pretty funny things off-stage though. Like when he rubbed his elbow, after a long auto ride, and his mother asked what was wrong.

"I DON'T KNOW," he replied, "I guess I got a headache in my arm."

It was so good they put into the script instead of a column.

But sometimes, the kids say the darndest things. Twelve-year-old Janet Lennon was being fawned over by a matronly fan outside the studio one day and gushed to her:

"You're all such wholesome, old-fashioned girls. Just like my sisters and I were."

"Really," said Janet, politely. "Did YOUR sisters teach YOU to play poker?"

Only non-reader in the kiddie acting league is little Jon Provost of "Lassie." But even if he can't study his script, he has a "method" — a dialogue coach reads the lines to him and he memorizes them. Mama once read them to Jon but someone pressed the panic button. Her Texas accent was creeping into his voice.

## Inside Labor

By Victor Riesel

Now the search is on for the influence peddlers inside labor. And they don't operate for a meager 5 per cent either. You can call them commission merchants.

They're not "con" men. They are contact men. They're not fronting for the crime combine. They are those labor officials who have been bird-dogging for those firms which want to sell something to a union or to another company dealing with some union.

Contacting unions and corporations who just don't want trouble with certain unions is big money — and there is a list of some 200 unions officials to prove this.

The list — one of many such around the country — belongs to a swank efficiency firm operating out of a modern Manhattan tower in the Madison-Park ave. sector of the gray flannel front.

There is no point in naming this agency now. It will be in the news soon enough. Premature pinpointing would only affect the investigation, prosecution and blood pressure of witnesses. It is a major outfit operating under the bedside euphemism of "management-engineering."

THIS MEANS that it provides corporations with advice not only on cutting costs but on time and motion techniques which go into establishing the cost and, therefore, the price of an article or service. It helps set up new plants. It finds sites for new installations. Its services are valuable — but they cost plenty, too.

This firm has been advising corporations in the automobile, steel and textile industries. Some months ago the crusading office of Manhattan District Attorney Frank Hogan ran across it in one of Mr. Hogan's probes.

Just exactly how his rackets bureau chief, Al Scotti, a fellow who hits problem with pneumatic drill persistency and impact, came upon this, we outsiders don't yet know. However, the New York DA's office found a trail of hundreds of checks. Some of them were made out to labor leaders.

These checks, in turn, led to cities across the United States. Some were traced to an auto company in Toledo. Records of Auto Workers Union and Textile Workers Union officials were examined — but Mr. Hogan's office has made it amply clear that these were checked in routine course and did not by any means insinuate that these men were involved.

No one has yet been told specifically just where all this leads. Mr. Hogan and Mr. Scotti are known to be probing the alleged bribe of a Manhattan union official. But this would be only the tiniest bit of thread in a fabric, still gossamer, lying across the land.

THE PATTERN will eventually show that there are scores of second and third echelon union officials who are, in effect, salesmen for service and supply companies.

The union officials sometimes are on the company payrolls. Other times they receive straight commissions for placing multi-million dollar insurance policies

or printing contracts in behalf of the union.

Or sometimes they receive commissions for using their union prestige to make a contact in behalf of one company, such as an efficiency outfit, with another firm — usually a successful contact because many a company purchasing executive believes he would run into trouble with the union of filial unless the firm bought the service.

District Attorney Hogan's probe has run into big money payments in many cities. This is a more subtle racket than that pulled by the bumbling muscle men who dump trucks or smash plate glass store windows.

What is important here is that there really are no laws to cover this legal looting. Those who now see it unraveled argue that the only cure is a federal law setting up a "fiduciary" relationship between a union official and his union and its treasury — just as a bank president is related to his depositors' money. The bank official is responsible for every penny. And he cannot under the law invest funds in some project in return for a bribe.

Frank Hogan appears to be ripping the cover off the most respectable of rackets.

# Quakers Beaten In State Finals By East Tech 71-51

## Locals End Season With 25-2 Record; Scarabs' Height Is Deciding Factor In Contest

By GORDON ARNDT

The amazing Salem Quakers, a basketball team that won more tournament games this season than they did in the past eight years combined, today reigned as the No. 2 Class AA cage team in Ohio following their 71-51 setback administered by the Cleveland East Tech Scarabs Saturday night in the state finals in Columbus.

A record-breaking crowd of 13,922 fans jammed St. Johns Arena on the Ohio State University campus to see the heavily underdog Quakers succumb to the superior height and experience of John Broski's defending Class AA kingpins, a quintet that now has not tasted defeat in its last 51 games. The Scarabs, possessed of three men towering 6-6 or better, closed out their season with a perfect 25-0 record while the Quakers posted their best record in history in winning 25 of 27 games.

The Quakers, spurred along by tremendous desire and a fighting spirit which carried them into the finals, were no match after the first quarter for the huge size, shooting power and defensive work of the team from the shores of Lake Erie. Using their height to maximum advantage the Scarabs broke a 16-16 tie and went on a spree of 14 straight points to build up a 30-16 margin which the dead game but smaller Quakers could not overcome.

Once the Red and Black recovered from this triumphant surge by the experienced Scarabs they battled Broski's club on even terms until as late as the middle of the last period when Tech led 61-49 with 3:22 left.

ANY CHANCE that Salem had of overtaking the speedy and patternless Tech team went out the window in the final quarter when all three Salem seniors fouled out of the game. Woody Deitch led with 5-24 left just after Clyde Marks had left at the 6:51 pole. Lou Slaby obtained his first personal with 51 seconds left in the game.

Stripped of their two 6-4 rebounders, Slaby and Marks, the scrappy Quakers were further more no match for the height and speed of the rangy Scarabs. In the last two minutes Tech outpointed Salem 8-1 to finally end up with a 20-point margin of victory.

The Quakers did not play their best game of the year. They made only 15 of 57 shots for a meager 26 per cent while being guilty of 17 turnovers.

Tech made 27 of 81 shots for an average 33 per cent. The fact that the Scarabs got 24 more shots than Salem testifies to their tremendous height advantage.

The Scarabs did not impress the crowd with their plays but instead, scored most of the time as the direct result of their height. If one of their mates missed there were three men 6-6 or better to tap in a rebound. The Scarabs scored a lot of fast breaks too because they controlled the boards. Tech got 48 rebounds and Salem only 26.

The Scarabs are not a team to be taken lightly. They have won 51 straight games and two successive state titles because they have everything... speed, depth, rebounding, a sound defense, and good shooting. The final score was greatly indicative of the relative strengths of the clubs.

SALEM NEVER gave up but could have helped themselves more with better passing and better shooting. They tried valiantly but Tech's height not only controlled the boards but was used to set up a tough 2-1-2 zone which the Quakers had a hard time penetrating.

Salem's trying only 57 shots in 32 minutes was the result of Tech's tough defense and superior board men.

The Quakers played a man-to-man defense against Tech and the comparative size of the players was something to see. Dave Hunter, 5-10, guarded 6-2 Jim Stone while 5-10 Dan Krichbaum was on 5-9 Sam Franklin. Slaby at 6-4 was on 6-8 Ed Ferguson or 6-8 Gene Lane while 6-1 Woody Deitch held on to 6-4 LaMoine Porter and 6-4 Clyde Marks watched 6-6 Ken Glenn.

Quite often Ferguson and Lane played at the same time which gave Tech two men 6-8 and one 6-6 on the boards against two men for Salem 6-4.

Hunter was tough on Stone limiting the all-star to just six points. There were 38 fouls called by the officials, Fred Swearingen and Bob Strimer, with 19 being on each team. Salem made 21 of 28 charity tosses and Tech 17 of 24.

Broski elected not to press Salem during the game as he had done in the Scarabs' 83-47 semifinal win over Toledo Scott Friel's terrific ball handling trio of Deitch, Hunter and Krichbaum.

Both clubs used the fast break as much as possible with Tech holding the upper hand because of their height.

Franklin hit a jumper for Tech but Salem came back on a rebound by Deitch along with a foul to put Salem on top 12-7 with 1:53 left.

Just when the Quakers seemed on the verge of pulling an upset the roof caved in and Tech began taking advantage of the Salem turnovers.

The Quakers came down the floor twice and lost possession and Tech used it to score five points to tie it 12-12 with 54 seconds left.

The opening frame ended up 14-14 after Slaby made a foul. Even with 6:57 left in the first half the score was tied 16-16. Here the Scarabs broke the game open and showed why they are the defending state champions.

Using their height they worked a man open underneath for an easy layup or used their big men to tip in a rebound following an outside jump shot. Glenn hit two layups, one on a fast break, while Franklin and Porter also canned bunny shots. Stone canned a side jump and with 3:22 left in the half Tech led 30-16. They had scored 14 points in a period of three minutes and 35 seconds.

In the remaining time in the first half Salem kept at least 14 points within Tech on scoring by Jim Lehwald, Slaby, Hunter and Deitch. Tech led 37-23 at the half.

Salem made only one of 9 shots in the second quarter. This combined with sheer difficulty in rebounding and in good passing started Tech's avalanche down the mountainside toward victory.

EACH TEAM got 15 points in the third quarter and after 24 minutes it was Tech 52 and Salem 38.

Deitch kept Salem in contention during this frame by hitting for nine tallies. Salem did not get many good shots in the frame as Tech's defense exerted itself. Tech scored as usual on fast breaks with rebounds and on tip ins.

Action was fast throughout the game with each club racing up and down the floor. Salem tried to set up plays while Glenn and Stone of Tech very often just dribbled down the floor for a long jump shot hoping their mates would toss in a possible rebound.

Salem coach John Cabas continually hollered at the officials for allowing Tech in the three-second lane for over the allotted time. Tech's strong bench in Harry Sellers and 6-8 Gene Lane really helped. Broski interchanged his seven men to good advantage. Lane led all rebounders with 18 while scoring 14 points.

Glenn was high man for the Scarabs with 23. He was particularly good on side jump shots. Next was Porter with 17 and Lane with 14.

The Quakers' high man was Deitch with 14 while Slaby had 13. With 7:48 left in the game Krichbaum hit a jump shot to bring Salem within 12 at 52-40. This was the closest they ever got after Tech's second quarter back-breaking spree.

Lane tossed in two rebounds and with 6:18 left Tech was on top 57-40. Marks left at the 6:51 post and Deitch at the 5:24 mark. This hurt Salem on the boards and in scoring and Tech took advantage of it to add their margin against Salem's smaller reserves.

KRICHBAUM hit a jumper and Slaby a bunny and a foul to bring Salem with 61-49 with 3:22 left. In the remaining time the Scarabs outpointed Salem 10-2 to leave the final tally at 71-51.

Glenn was the big man in this sport for the Techers with a half dozen counters.

Ed Yates and Rick Theiss got a little experience by replacing Slaby and Marks. Next year it will be their duty to fill in on the boards for these two acts which carried this year's team to the greatest heights ever attained by a Salem squad.

Cabas said in the dressing room after the game, "We'll be back" and it could well happen with Hunter, Krichbaum, Lehwald, Yates, and Theiss returning.

The Quakers needn't feel too bad about losing to the defending champions, who returned this year with four starters from the 1957-58 championship team, because they posted a great 25-2 record with the only two defeats resulting from possibly the best high school team in the country, let alone Ohio.

In the Class A finals Saturday afternoon Edgerton, a village of 1,900 persons in the northwest corner of Ohio, outscraped favored Lynnwood-Jacksontown 57-53 to win the laurels among the smaller schools.

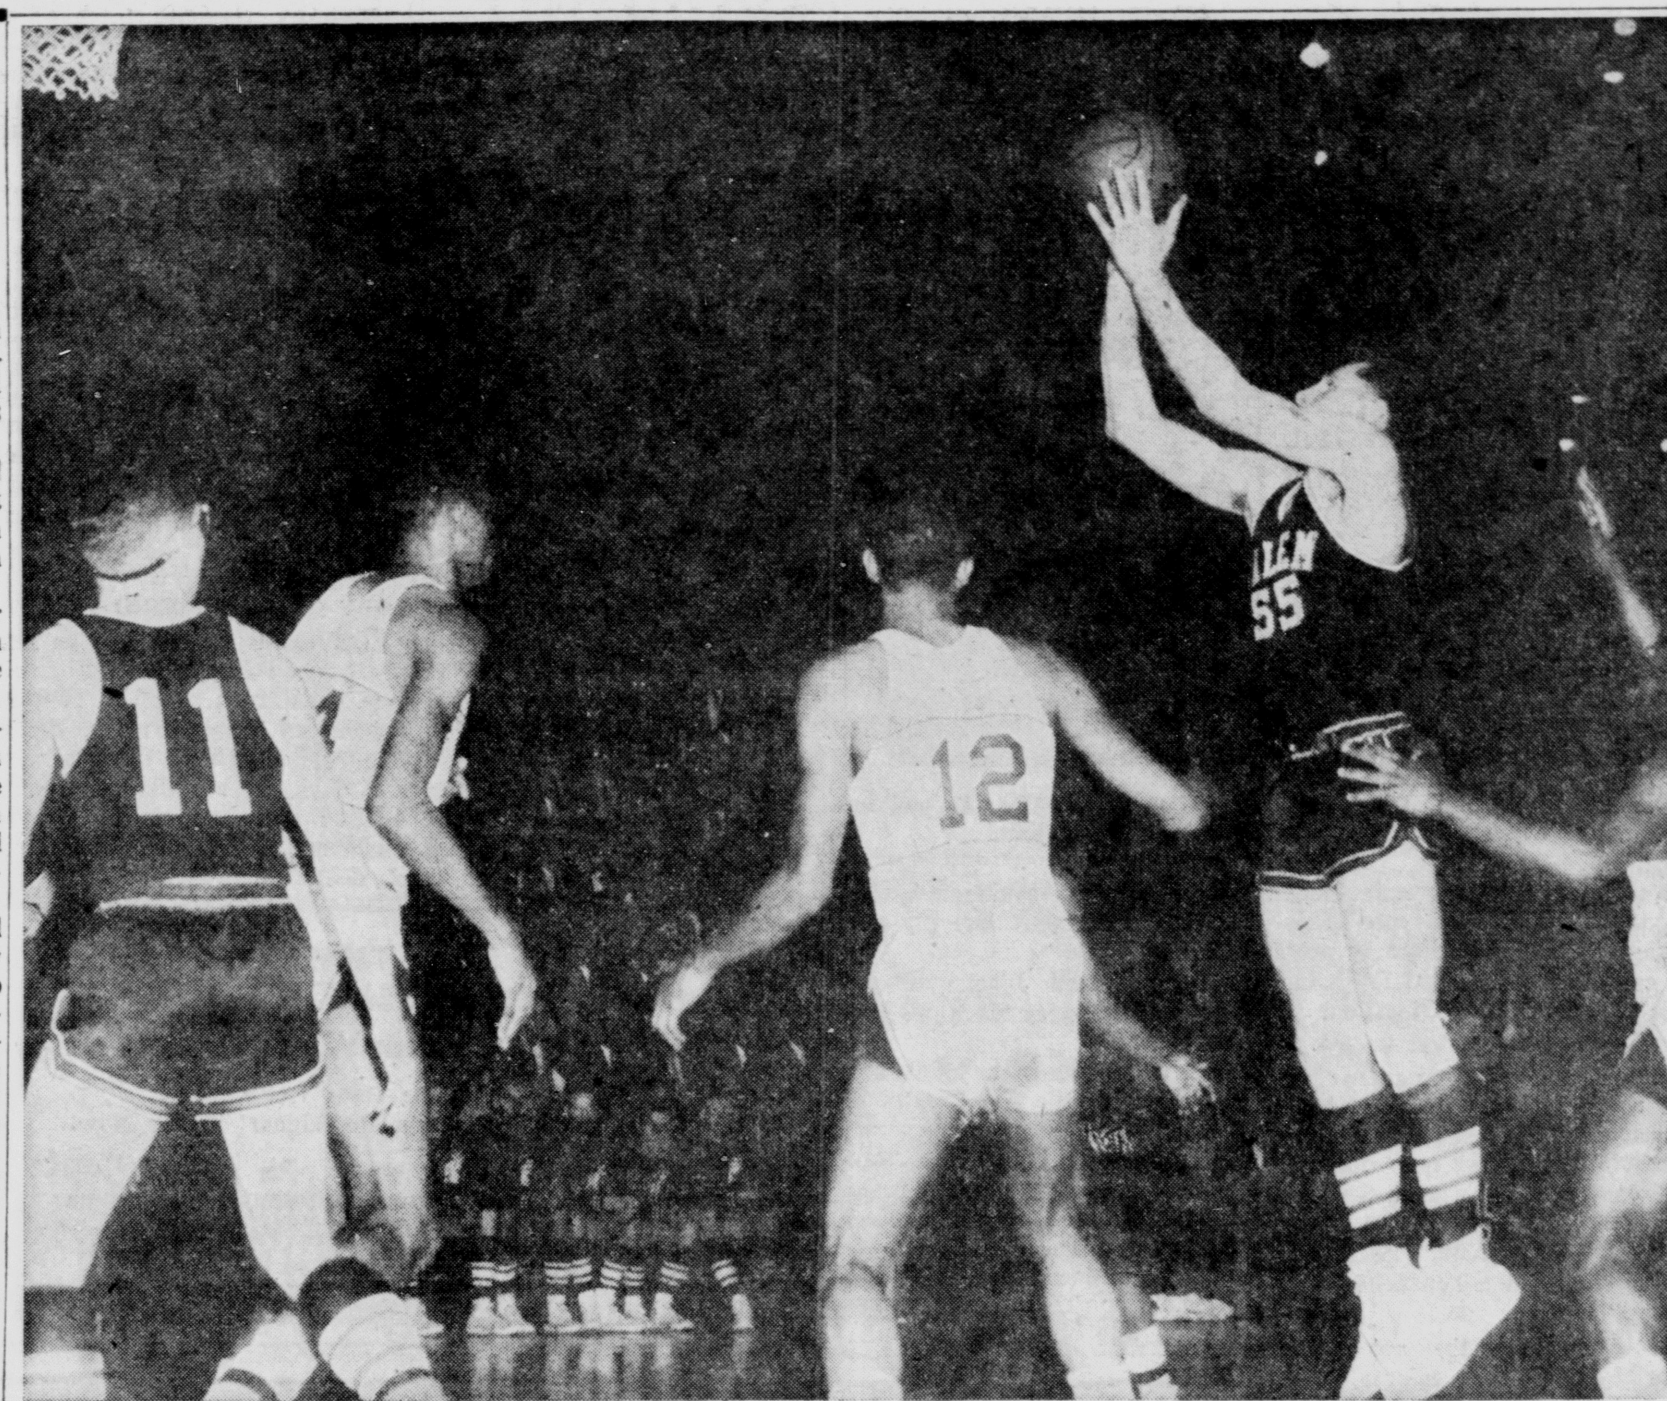

Hunter and Deitch made the first team all-tourney squad while Krichbaum was named to the second team.

SALEM—51  
Deitch 4, 6, 14; Marks 2, 1, 5; Slaby 2, 9, 13; Krichbaum 4, 0, 8; Hunter 2, 2, 6; Lehwald 1, 2, 4; Theiss 0, 0, 0; Yates 0, 1, 1.

EAST TECH—71  
Glenn 6, 7, 23; Porter 5, 7, 17; Ferguson 1, 0, 2; Stone 3, 0, 6; Franklin 3, 1, 7; Lane 7, 0, 14; Sellers 0, 2, 2.

ACTION IN STATE TITLE GAME — Salem's Lou Slaby (55) jumps for a shot during Saturday's night championship game between East Tech and Salem. Other players are: Woody Deitch (3), Salem; Dan Krichbaum (11), Salem; Tech's Ken Glenn (12) and Sam Franklin (20). The height advantage of the Cleveland giants proved too much of an advantage and Tech won 71-51.

## California Wins NCAA Title

Imhoff's Tip-in Nips West Virginia 71-70

LOUISVILLE, Ky. (AP) — With his fair skin, blond crew-cut hair and gentle features, Darrall Imhoff looks like an All-America boy. By this time next year, he could be an All-America basketball player.

The 6-10 pivotman of California's National Collegiate Athletic Assn. basketball champions has come such a long way in two years those closest to him say there's no telling what heights he may reach.

As a high school basketball player in Alhambra, Calif., he had trouble making the first team. He was no shakes as a freshman at Cal two years ago. Last year as a sophomore, he got into 16 games and scored 14 points—a per game average of nine-tenths of a point.

Saturday night at spacious Freedom Hall here, his tip-in rebound of his own missed hook shot with 17 seconds left beat gritty West Virginia 71-70 for the NCAA title. In the two-night NCAA showdown here, only All-Americans Jerry West of West Virginia and Oscar Robertson of Cincinnati drew more attention. West, who tied the five-game NCAA tournament record of 160 points, was the overwhelming choice of the sports writers for the Most Valuable Player Award. Imhoff was the runner-up.

Both West, a unanimous choice, and Robertson polled more votes for the All-Tournament Team. But Imhoff got the nod from 48 of the 56 voters for a solid third position on the team rounded out by Cal teammate Denny Fitzpatrick and Louisville's Don Goldstein.

Goldstein was a steady scorer for the home-standing Cardinals in their losses to West Virginia in the semifinals and to Cincinnati by a 98-85 count in Saturday's consolation test for third place.

"To compare Darrall—as some have done—with Bill Russell on defense at this stage is like comparing a college player with a third grader," said Coach Pete Newell, the master of defense and slow-down play who capped a 16-game winning streak with California's first NCAA basketball title and the first for a Pacific Coast Conference team since 1942.

## Schoendienst's Loss Poses Problem for Braves' Manager

BRADENTON, Fla. (AP) — The loss of tubercular victim Red Schoendienst has cut the National League champion Milwaukee Braves down to size.

Manager Fred Haney won't admit it but there is no doubt he is anxious about the second base problem.

## Bob Goalby Ahead In Golf Tourney

ST. PETERSBURG, Fla. (AP) — The touring golf pros had a new rabbit to chase as they started the final round of the \$15,000 St. Petersburg Open Tournament today.

Bob Goalby, the husky and handsome youngster who was chosen "Rookie of the Year" for 1958 by the leading money winners on the circuit, carved out a neat 3-under-par 69 Sunday for a 205 total and a one stroke lead at the three quarter mark.

The 28-year-old from Belleville, Ill., credits a revamped grip for an improved game that has brought him rounds of 70, 66 and 69. He discovered he got better results by holding the club more in the fingers of the left hand, a grip he once discarded.

Runer-up is another big man, Cary Middlecoff of Hollywood, Fla. The erstwhile Memphis dentist, competing in his first tournament since a hernia operation last September, sank putts from all distances on the second nine Sunday to wind up with a 67 and a total of 206.

One stroke behind Middlecoff was Pete Cooper, Lakewood, Fla., who had a 69 to add to earlier rounds of 68 and 70.

It was a rough day for the top men at the half-way mark. Goalby and Cooper excepted. George Bayer, of Glencoe, Ill., top man after 36 holes with 135, blew wide open with a 77 and a 212 total, a seventh place tie.

Wes Elie Jr., of Aldecres, N.J., only a stroke behind Bayer after two rounds, took a 74 to drop five strokes off the pace.

## United Boosters Plan Meeting Tuesday Night

Final plans for the fourth annual United Booster Club's Independent Basketball Tourney will be discussed when the group meets on Tuesday night at 8 in the high school.

The tourney will be held March 30 through April 4 with 52 trophies to be awarded. The entry deadline is March 28. Further information may be obtained from Lee H. Bowman at the Farmers Bank in Hanoverton. His phone is CA 3-1801.

## St. John's Wins Tourney Title

Beats Bradley 76-71 In Overtime Fray

NEW YORK (AP) — "What a way to go out," St. John's University basketball captain Al Seiden enthused today as he looked back on his team's 76-71 overtime victory Saturday over Bradley for the National Invitational Tournament title.

"We sure had a lot of guts out there," Seiden continued. "As far as I'm concerned, a great team won."

Coach Joe Lapchick thought so too. "They were courageous. They all had so much guts out there," he said.

But he had his greatest praise for Seiden who, with Tony Jackson, was most instrumental in getting St. John's its third NIT title before a national television audience.

"Seiden made them (Bradley) change their whole style of play when he re-entered the game with four fouls. They were trying desperately to get rid of him. But they couldn't do it."

Seiden said he knew Bradley was out to get him.

"But I didn't change my style of play. As soon as I saw them come out of that zone defense I knew I could really go to work. Before then, I just couldn't penetrate the zone," he admitted.

Lapchick pulled Seiden with less than half the second half remaining and sent him back about two minutes later. St. John's was trailing Bradley 54-49. But Jackson, who won the game's most valuable player award, also took advantage of the man-to-man defense and teamed with Seiden to tie the score at 55-55. A half minute later Seiden gave St. John's a 57-55 lead and they never trailed, though tied thrice more.

Bradley coach Chuck Orsborn thought Jackson was the big difference. The brilliant soph pulled down 27 rebounds and hit 21 points, one less than Seiden.

"Jackson did it. His rebounding and shooting were the big difference," Orsborn said.

## Cards, Tigers Winners

## Indians Defeat Red Sox 7-5; Orioles Take Two From Yanks

By The Associated Press

Julio Gotay, a 19-year-old speedster with the Pepper Martin flare for daring on the basepaths, has restored the Gashouse Gang flavor to the St. Louis Cardinals.

The Puerto Rican youngster, a shortstop not even listed on the spring training roster, is making quite a stir in the Redbird training camp.

With the Cards limited to three hits by Los Angeles, it was Gotay's base-running which brought about St. Louis' 3-1 triumph over the Dodgers Sunday. He was largely responsible for the Cardinals two decisive runs in the second inning.

Cleveland suffered a jolt when veteran right-hander Mike (Big Bear) Garcia was struck by a line drive on the left knee and carried from the field as the Indians topped Boston 7-5.

In other games, Baltimore took a doubleheader from New York 6-3 and 4-0, Detroit clobbered Milwaukee 10-4, San Francisco defeated Chicago's Cubs 10-7, Kansas City thumped Washington 11-1, Pittsburgh beat Philadelphia 9-1 and Chicago's White Sox beat Cincinnati 9-6.

Oddly, Gotay started the Cards off by striking out, but when the ball got by the catcher, the Red Bird newcomer legged it all the

way to second as Joe Cunningham scored. Then B. G. Smith taped to the mound, Pitcher Gene Snyder bluffed Gotay back to second and threw out the batter.

But Gotay didn't return all the way. He applied the brakes, reversed his direction and streaked for third. The throw from first baseman Norm Larker trying to head him off was wild and Gotay scampered home with what proved to be the winning tally.

Garcia, attempting a comeback after undergoing an operation for a slipped disc, was clipped by Billy Conso's liner in the seventh. The Indians won it with an 11-hit attack led by Vic Power.

A trio of 20-year-old Baltimore pitchers beat the world champion Yankees. Jerry Walker and Johnny Fisher combined for the first victory with home run support from Gus Triandos and Leo Burke. Young Milt Pappas, who pitched six innings, and the veteran Her Brown notched the shut-out, a seven-inning affair.

Eight walks by Carlton Willey and Gerry Nelson proved the Braves' undoing as they lost their ninth in 12 games. Harvey Kuehn led the Tigers with three hits.

Felipe Alou's two homers for the Giants and one by Andre Rodgers matched Cub blasts by Jim Marshall, Ray Bellino and Ernie Banks.

A pair of home runs by Hal Smith and solo clouts by Roger Maris and Kent Hadley were among 12 hits the A's blasted off Washington pitching in an eight inning game curtailed by rain.

Kansas City's Rip Coleman pitched one-hit ball in his seven-inning stint.

Dick Schofield's three-run homer ignited a six-run Pirate uprising in the seventh. Harvey Hadley hurled seven innings and held the Phils to four hits.

Billy Goodman and Jim Rivera drove across two runs each as the White Sox clubbed Cincinnati's bonus baby Jim O'Toole for seven runs.

## Defense Is Tight

## Pirates Boast Top Pitching Staff, Well Balanced Attack

FT. MYERS, Fla. (AP) — The Pittsburgh Pirates are ready to make a run for the pennant with the best pitching staff they've had in many years, a well balanced, if not explosive attack and what may well be the tightest defense in the National League.

"When you mention pitching," said Manager Danny Murtaugh, "you always keep your fingers crossed."

Murtaugh listed his big three as Bob Friend (22-14), Vern Law (14-12) and Ronnie Kline (13-16) with George Wilt (9-2), Curt Raydon (8-4) and Harvey Haddix (8-7) not far behind.

Backing up the six front liners are bullpen ace Elroy Face and Don Gross. Face saved 26 games last year.

Benie Daniels, 14-6 with a 2.31 earned run average at Columbus, is the best looking pitcher among the newcomers. Righthander Bob Porterfield and lefthander Bob Smith may round out the staff.

"Well be strong," the strong-jawed Irishman admitted, "but we aren't going to be an explosive team. We figure to be a consistent, steady team. We learned a great deal going through the pennant race last year and the boys should settle down and jell. I think Bob Skinner and Bill Mazeroski are ready to blossom out into top drawer stars this season."

Skinner, a .321 hitter last year, will take over Frank Thomas' fourth spot in the batting order. He will team with Bill Virdon and Roberto Clemente in the outfield. Murtaugh plans to carry only four outfielders, using Rocky Nelson at first base and in the outfield. "We think we have one of the best fourth outfielders in the league in Roman Mejias," said Danny.

The addition at third base of Don Hoak, one of the three Cincinnati players who came in the trade for Thomas, will strengthen the defense and add speed to the club. Murtaugh contended. Smoky Burgess, the new catcher, will add to the attack, and Haddix, will provide the club with the left-handed starter it lacked last year. "Dick Groat (shortstop) and Mazeroski (second baseman) give us the best double play combination in the league," said the little pilot. "Our biggest fight is around

first base. On last year's play, Dick Stuart is the present incumbent. Ted Kluszewski is swinging the bat better than I've seen him in three years. Stuart has been hitting well but his defense has left something to be desired. Last year I thought he was almost an average first baseman."

Hank Foiles and Burgess are battling for the first string catching job. Bill Hall and Dany Kravitz are vying for the third string.

## Canadiens, Bruins Are Favored In Hockey Playoffs

The By The Associated Press. The first round of the Stanley Cup Playoffs opens Tuesday night with the mighty Montreal Canadiens favored over the Chicago Black Hawks in Montreal and the Boston Bruins the choice over the never-say-die Toronto Maple Leafs in Boston.

Both series are the Best-of-7 games. The two winners meet for the cup and, as usual, the powerful Canadiens are top heavy favorites to go all the way.

Montreal has won the Stanley Cup the past three years and if they win this time, they will set a record. The Maple Leafs won the cup three years in a row, 1947-1949.

"We're in good shape for the playoffs," said Montreal Coach Toe Blake. We expect that Jacques Plante (ace goalie who has missed the past three games because of a boil on his chin) will be ready. If he isn't Charlie Hodge will be in the nets. "Maurice Richard has started skating and we expect him to be ready in less than 10 days."

The Rocket has been out with an ankle fracture for the past two months. Hodge filled in for Plante in Sunday night's 4-2 victory over the New York Rangers. New York's loss, plus Toronto's 6-4 triumph over the Detroit Red Wings, enabled the Maple Leafs to grab the final playoff berth from the Rangers.

The Maple Leafs won their five games. Only two weeks ago, the Rangers boasted a 7-point lead over the Leafs, but New York lost six of its last seven games.

Along with the victory, Montreal's Dickie Moore had a goal and an assist to break the all-time NHL scoring record. He wound up with 96 points. Gordie Howe set the old mark of 95 during the 1952-53 season. In the other game of the final night of the regular season, the Black Hawks snapped Boston's 6-game streak with a 4-1 victory.

## Moore, Beliveau Form One-Two Punch

MONTREAL (AP) — Dickie Moore and Jean Beliveau have combined for one of the most powerful one-two scoring punches in the history of the National Hockey League.

The Montreal Canadiens' linemates finished the season Sunday with 96 and 91 points, respectively—the first time two players have ever collected more than 90 points in a season.

Moore's total surpassed by one point the record of 95 which the Detroit Red Wings' Gordie Howe set in 1952-53.

Moore wound up with 41 goals and 55 assists—the latter only one short of the record set by Bert Olmstead in 1955-56.

## Williams Bothered By Shoulder Ailment

SCOTTSDALE, Ariz. (AP) — Ted Williams, Boston's 40-year-old American League batting champion, is having trouble shaking a week-old shoulder ailment despite the hot Arizona sun.

"I can't run, I can't throw and I can't hit," moaned the slugging outfielder Sunday after a 125-mile trip to Tucson for a scheduled appearance against Cleveland.

The prospect of seeing Williams in action had attracted a sellout crowd of 5,016.

## Hawks, Lakers Tied; Celtics Lead In East

By The Associated Press. The Boston Celtics held a 2-1 lead over the Syracuse Nationals in the Eastern Division while the St. Louis Hawks and the Minneapolis Lakers were all tied at 1-1 in the Western Division today in the National Basketball Assn. semifinal playoffs.

But a main concern was the talk of possible dissension on the Nationals between Coach Paul Seymour and scoring ace Dolph Schayes.

Both deny there is anything to the report, but in Sunday's 133-111 loss to Boston, Schayes sat out more than half the game.

"I took him out midway in the second period and put in Togo Pazzizi because Togo is an aggressive type player who can sometimes catch fire," said Seymour. Seymour and Schayes both said the Syracuse scoring star suffered a momentary blackout in Saturday night's 120-118 victory over the Celtics at Syracuse. Seymour added that Schayes' wife had told him Dolph is occasionally bothered by double vision.

Seymour said he is sending Schayes for an examination today. Frank Ramsey came off the Celtics' bench to score 15 of his 24 points in the second period. The Boston surge put the game out of the Nats' reach.

"At that point," said Seymour, "I saw no point in overworking Schayes."

Boston had a slim 31-27 first quarter margin but at halftime it was 64-45. Schayes, despite his limited action, wound up as the Nats' top scorer with 21 points.

In the Western Division, the Hawks got off in front at home Saturday by downing the Lakers 124-90 but they bowed 106-98 when the series shifted to St. Paul Sunday.

Minneapolis, which won only 4 of its 12 games with the Hawks during the regular season, chalked up its victory with Elgin Baylor scoring 33 points. Bob Pettit had 22 for St. Louis.

## Track Meet Spotlight Shifts to Abilene

ODESSA, Tex. (AP)—The track spotlight shifts first to Abilene and then Big Spring this week but there'll be no special feature to match the Bobby Morrow-Dave Sime sprint duel in the West Texas Relays.

Morrow beat rival Sime, the Duke red-head, by a yard in 9.35 seconds, then took the 220-yard dash without Sime contesting him. Ohio state won the relays and goes to Abilene Thursday to compete in a star-spangled meet that includes Abilene Christian, Houston, Kansas, Baylor and Southern Methodist.

Olympic hurdles champion Glenn Davis of Ohio State, NCAA low hurdles king Charley Tidwell of Kansas, NCAA broad jump champion Ernie Shelby of Kansas and NCAA high jump champion Don Stewart of SMU give this meet class.

The American Business Club Relays are at Big Spring Saturday.

**SEES FACULTY SHORTAGE**

CLEVELAND (AP) — A Kent State University executive says Ohio's state universities will have a difficult time retaining present faculty members and adding new ones under the appropriation Gov. Michael V. DiSalle is seeking for them from the state Legislature.

Dr. Robert L. White Jr., Kent's vice president for academic affairs, told Kent and Ohio State University alumni at a luncheon here Friday that faculty salaries have increased only eight per cent in purchasing power in the last 20 years. The governor has asked in purchasing power in the last in the appropriation for the state schools, while the schools sought a boost of 20 million.

## Book Club Host for Meeting

## Federation of Women's Clubs Here on Tuesday

The Ohio Federation of Women's Clubs, District 9, will hold its Legislative Meeting here Tuesday in the First Methodist Church.

The Salem Book Club, only local member club of the federation, is hostess club. Anyone interested may attend by registering.

Registration, beginning at 8:30 a.m. in the church is being conducted by Mrs. Z. R. Taylor, Mrs. Ralph Long Sr., Mrs. A. H. Schropp and Mrs. William King.

After the guests register, and make their luncheon reservations, they are invited to the Ruth Smucker House for a coffee hour. The hospitality committee is headed by Mrs. Robert Entrikin.

## All-Day Session

Mrs. L. S. Hollinger will assist Mrs. Alma S. Bean of Columbus, sales manager of state services for the blind, who will have a display of work made by the blind at the all-day meeting.

An organ prelude by Homer Taylor will precede the formal opening by Mrs. Benjamin F. Roth of Youngstown, president of District 9. The Rev. William C. Snowball, pastor of the Methodist Church, will give the invocation.

Mrs. Paul Stevens, citizenship chairman of District 9, will lead the Pledge of Allegiance, and Mrs. Robert Talbot, president of the

Book Club, will give the welcoming address.

The program beginning at 9:45 a.m., will be conducted by Mrs. Frederick C. Gerthing, legislation chairman of District 9.

Topic of the symposium will be "Shall the Legal Voting Age be Lowered to 19?" Participants include Col. Leo F. McCarthy of Youngstown, commander of 3rd Area Regiment Ohio Defense Corps; W. O. Charles Vimmerstedt of Youngstown, of the 117th Anti-Aircraft Artillery Battalion; Pamela Chentow and Pinckney Hall, members of the Salem High School Debating Team.

Speakers for the topic, "The Reproduction Cost New Formula," will be Attorney John R. White of Akron, assistant general counsel for the Ohio Edison Co.; and William Wasick, commissioner of public utilities of the City of Akron.

Mrs. Carson J. Clancy, district religion chairman, will give the invocation at the luncheon, which is to be served at 1:15 p.m.

Judges for the sewing contest style show will be Mrs. Walter Strain, Mrs. Thelma Murphy and Miss Bessie Dixon, all of Salem.

Judges for the ceylon costume contest style show will be Mrs. Irvin P. Nelis of Poland district chairman of adult education; and Maurice Heeter of Youngstown and

Mrs. Leonard Baker Jr. of Canfield.

## Afternoon Symposium

The afternoon symposium will be on the topics, "The Motor Scooter Law," and "Is the Legal Driving Age of 16 for Other Mechanized Vehicles too Low?"

Judge Louis Tobin, Columbiana County Probate Court Judge, and Harland E. Baker of Cleveland, a representative of Cushman Motor Sales, will be the speakers.

Edward J. Hilland, sub district director of Salem Area United Steel Workers of America and Attorney Fred J. Milligan of Columbus, executive secretary of the Ohio Information Committee, will speak on "Supplemental Unemployment Benefits."

A government quiz will conclude the program.

Mrs. Ross Clay and Mrs. Frank Stoerkel of the Book Club will serve as timekeepers, while Mrs. Matt Melitschka and Mrs. E. S. Vincent will be pages.

Mrs. James Cross is arranging the decorations, and Mrs. John Hollinger and Mrs. G. W. Smith are in charge of tickets. Luncheon chairman is Mrs. Paul Yates.

Mrs. Talbot general chairman of the hostess group, served on the publicity committee with Mrs. Randall Ohl, District 9 press publicity chairman.

## AGAINST SHORTER WEEK

NEW YORK (AP) — Sen. John F. Kennedy (D-Mass.), a leading possibility for the Democratic presidential nomination, said Sunday he believes a shorter work week would hinder the United States in a production race with the Soviet Union.

HANANIAH

"Unto whom the prince of the eunuchs gave names... and to Hananiah, of Shadrach..." —Daniel 1:7

Young Hananiah was one of the companions of Daniel, taken captive by King Nebuchadnezzar's armies in Jerusalem, and carried back to Babylon to be trained as a page in the king's court.

It was a long, tiresome, and sometimes terrifying journey. Hananiah said many prayers for those of his countrymen who did not fare so well as he and his friends.

The Babylonian soldiers were often very cruel to the young Hebrews they had captured. Many were loaded with the spoils of war, which the Chaldean armies were taking back to their homeland. They took with them even the millstones and uprooted cedar trees of Jerusalem.

To further humiliate the Jews, their captors tore up the Torah scrolls upon which the sacred scriptures were written, made sacks of them and filled these with sand. Captive princes and sons of priests were made to carry them on the toilsome journey across the burning heat of the desert.

Sometimes, though, Hananiah could not help but turn his eyes from the miseries of his people to the strange sights that met his eyes as the long column of men wound across new lands.

When they came within view of Babylon, he stared at the fabulous city in disbelief. It stood on a vast plain, shimmering through the early morning sunlight like a mirage.

It was in the form of a perfect square, bounded by canals full of water. The great walls rose three-hundred feet into the air, so thick that they supported towers on top of them between which a chariot might be driven.

On the west side of the city was the great palace of Nebuchadnezzar. Its massive walls were decorated with huge sculptures of animals and men on horseback, one of them in the act of throwing a javelin at a leopard.

Not far from the palace was the most remarkable sight of all—the famous Hanging Gardens of Babylon.

They were planted in terraces which rose, one above another on huge arches, to form a kind of artificial mountain. The tiers were covered with beautiful trees and all kinds of plants and shrubs.

Hananiah could not help being excited as he entered the magnificent city, even though he was a foreign slave.

## Salineville Has New Fire Alert System

SALINEVILLE — Installation of a new telephone alert system for firemen was started last week by an Ohio Bell Telephone Company crew.

Designed to facilitate handling of fire alarm calls, the new system will have phones usable only for incoming fire calls at the fire station, the firemen's apartment at the fire station occupied by Mr. and Mrs. Floyd Lewis Jr.

Also there will be special phones at the police chief's apartment at Village Hall, and at the homes of Fire Chief Tony Brandino, and at the apartment of Mr. and Mrs. Harold Merriam, who live near the fire station.

At present, the fire alarm phone is answerable at Chief of Police Cleo Mellott's home and a phone on the street at the Village Hall.

A NOMINATING Committee was appointed at a meeting of the Salineville Parent-Teacher Association Thursday at the High School. The committee to prepare a slate for election of officers on April 9, includes:

Miss Edna Kirk, Mrs. Esther Yoshit, Donald Lewis, Mrs. Louise Johnson, and Mrs. Evelyn Smith.

About 45 attended the meeting. The Rev. Fr. Homer Oliver of St. Patrick's Catholic Church spoke on "Today's Education."

The attendance banner was won by the third grade taught by Miss Edna Kirk. Lunch was served by the 5th grade home room mothers. Mrs. James Whelan president was in charge of the meeting.

## SEEK SEEING-EYE HUMAN

DENVER, Colo. (AP)—They're seeking a seeing-eye human for Boots, a handsome female Boston terrier.

The two-year-old pup is developing cataracts, a condition veterinarians say is inoperable. They say Boots will be unable to distinguish between night and day in a few weeks.

Officials at the Dumb Friends League are looking for a human master to provide Boots' eyes.

## Girl Critical After Emergency Surgery

ST. LOUIS (AP) — Little Julia Ellis, 8, whose right leg was amputated Saturday night by a doctor operating with a borrowed penknife, clung doggedly to life today.

The girl was in critical condition in a suburban Kirkwood hospital but nurses said she was doing well in view of what had happened.

Julia's sister, Donna, 9, was in the same hospital, recovering from fractures of both legs. They were struck Saturday night by a car which skidded around a curve on a gravel road near their home in Arnold, Mo., 15 miles southwest of St. Louis.

State police said the driver was Robert E. Kemp, 25, of suburban Lemay. He was charged with careless and reckless driving while drinking.

The girls were walking toward home. Their mother, Mrs. Clarence Ellis, saw the car hit them. Donna was knocked 20 feet to the side of the road, but Julia's

leg became wedged between the car's rear bumper and a fender and she was dragged 70 feet.

Dr. Howard W. Soman of Arnold, was called to the scene. He borrowed a knife from state trooper Emmett Welch and using light from head lamps on the patrol car, removed Julia's leg below the knee.

"I want a car that's BUILT FOR PEOPLE"

"Just like a woman! I want a car BUILT FOR SAVINGS"

"Dave, I've found exactly the right car for us! It'll make driving ever so much more comfortable."

"Comfort's fine, Nancy, but we've got to consider savings, too. And I've found just the car for that!"

"But the car I've found is so easy to get in and out of... and so comfy to sit in."

"Yes, but my car will save us as much as \$1.00 on every tankful of gas because it uses regular. How about that?"

"Well, that's nice, but what about my frilly hats? We'll have hat room not just head room in my car. And you're no shorty, either... you'd bump your head in a lot of those new cars."

"Not in this one. And it only needs oil changes each 4000 miles. Its muffler is aluminumized to normally last twice as long, too."

"In the car I want, everybody enjoys a soft comfortable seat... even the folks in the middle! This car's built just right for us... and besides, I think it's cute."

"Sure, looks are important... and my car will keep on looking good 'cause its finish is so bright and durable it never needs waxing."

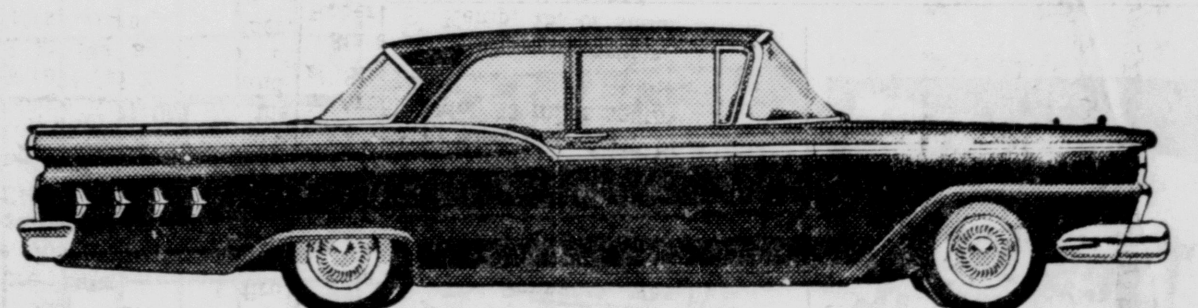

"Well, the nice man at the Ford Dealer's told me..."

"Did you say FORD?... that's the car I want, too! And we can save as much as \$102.75 on purchase price alone! What are we waiting for?"

"Darling, you're a genius!"
